

Mercury Wire

**Custom Cable
& Assembly Solutions**

www.mercurywire.com

CAPABILITIES

- **We don't just deliver cable—we help you build smarter systems.**
- **Our cables and assemblies are precision-engineered for industrial, medical, defense, and underwater applications.**
- **Faster lead times, flexible production, and real conversations (yes, we pick up the phone).**
- **From the first prototype to full-scale builds—we scale with you.**

PROCESS

- **One value-stream team owns your project from concept to delivery.**
- **Lean manufacturing and kanban systems reduce lead time risk.**
- **Collaborate with engineers who actually want to understand your problem.**

***Your cable shouldn't be the problem.
It should be the performance edge.***
